eCommerce/eGovernment	Multi-signatures	Trust management
Fault-tolerance and reliability	PKI in the Cloud	Trusted computing
Federations	Policies and regulations	Ubiquitous scenarios
Group signatures	Privacy	Web services security

Submission instructions. Submitted papers must not substantially overlap with papers that have been published or that have been simultaneously submitted to a journal or a conference with proceedings. All submissions should be appropriately anonymized (i.e., papers should not contain author names or affiliations, or obvious citations). Submissions should be at most 16 pages, including the bibliography and well-marked appendices, and should follow the LNCS style. Submissions are to be made to the submission web site at easychair.org. Only pdf files will be accepted. Submissions not meeting these guidelines risk rejection without consideration of their merits. Papers must be received by the deadline of **May 25, 2012** (11:59 p.m. American Samoa time). Authors of accepted papers must guarantee that their papers will be presented at the workshop. Pre-proceedings will be made available at the workshop. As for all previous EuroPKI events, it is planned to have post-proceedings published by Springer in the Lecture Notes in Computer Science (LNCS) series.
